Medical Benefits

For the 2019 plan year, we are maintaining three plan options. We continue to offer you medical plans through Kaiser from which to choose. All three plans are HMO plans with Kaiser, which require you to visit only doctors and hospitals within the Kaiser network for all non-emergency care.

Plan Option 1— HMO Platinum & Plan Option 2—HMO Gold

Both of these plans have a \$0 deductible, and copays for services like doctor visits, and procedures. You will pay copays for every service until you meet the out-of-pocket maximum.

Plan Option 3—HMO HDHP with HSA

This plan option has a \$1,500 deductible for singles and \$3,000 for families. Once you reach your deductible, the plan will pay for 90% of services for the remainder of the plan year until you reach the out-of-pocket maximums. It is important to note that the family deductible will apply if any dependents are enrolled on coverage. The individual deductible and out-of-pocket maximum applies to those enrolled as "employee only".

If you enroll in the HSA plan The City contributes to an HSA account on your behalf. See the rate sheet for more info. In order to receive these contributions, you will need to set up an HSA Account, if you haven't already. You may also contribute your own money in addition to the City's contributions.

The 2019 HSA maximum contribution limits are \$3,500 individual and \$7,000 family

The **Health Care Spending Account** allows you to deduct up to \$2,700 per year from your paycheck to pay for qualified health care expenses including medical, dental, and vision. *(Note: If you are contributing to an HSA, you may not participate in this spending account)*

The **Dependent Care Spending Account** allows you to deduct up to \$5,000 per plan year from your paycheck (\$2,500 if you are married and file taxes separately from your spouse) to pay for qualified dependent care expenses.
