**CHERRY HILLS VILLAGE PROGRESS REPORT OF ARAPAHOE COUNTY MULTI-
HAZARD MITIGATION PLAN**

The City of Cherry Hills Village adopted the Arapahoe County Hazard Mitigation Plan via Resolution No. 16, Series 2021, in June of 2021. The Hazard Mitigation Plan is available on the City's website at <https://www.cherryhillsvillage.com/400/Master-Plan> as well as in paper copy from Cherry Hills Village upon request. Since the adoption date Cherry Hills Village has been actively engaged in implementing the recommendations outlined in this plan. Specifically, Cherry Hills Village continues to enforce and implement the following action items which are specific to the City's hazard mitigation and more specifically floodplain regulations and enforcement:

- Participation and adoption of the Mile High Flood District's (MHFD) master plans affecting Arapahoe County; will continue to participate and adopt these plans.
- Participation and adoption of the MHFD Flood Hazard Area Delineation (FHAD) studies affecting Arapahoe County; will continue to participate and adopt these studies.
- Enforcement of floodplain regulations to limit development in the floodplain; in progress as we continue to enforce the floodplain regulations.
- Hazards and stormwater mapping in five years from 2021; the City will begin this project at a future date.
- Continued National Flood Insurance Program (NFIP) participation; current participant.

The City continues to reach all objectives and implementation as outlined in this Plan.

For questions or comments please contact the City of Cherry Hills Village Community Development Department at 303-783-2721.
