Honorable Mayor and Members of the City Council
City of Cherry Hills Village
Cherry Hills Village, Colorado

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cherry Hills Village, Colorado, as of and for the year ended December 31, 2010, which collectively comprise the basic financial statements of the City, as listed in the table of contents. These financial statements are the responsibility of the City of Cherry Hills Village, Colorado's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cherry Hills Village, Colorado, as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and required supplementary information listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cherry Hills Village, Colorado's basic financial statements. The individual fund schedules and state compliance listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

As management of the City of Cherry Hills Village, we offer this narrative overview and analysis of the financial activities of the City of Cherry Hills Village for the fiscal year that ended December 31, 2010. Please read it in conjunction with the Auditors' Report at the front of this report and the City's financial statements, which follow this section.

Financial Highlights

- The assets of the City of Cherry Hills Village exceeded its liabilities at the close of fiscal year 2010 by \$24 million (net assets). Of this amount, \$14 million (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- At the close of fiscal year 2010, the City of Cherry Hills Village's governmental funds reported combined ending fund balances of \$14.8 million, an increase of \$1,761,711 in comparison with the prior year. Approximately 95%, \$14 million is available for spending at the government's discretion (unreserved fund balance).
- At the end of the fiscal year 2010, fund balance for the general fund was \$12.7 million.
- General fund actual revenues exceeded budgeted revenue by \$816,990 for the fiscal year 2010 and actual expenditures were \$659,671 less than budgeted expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Cherry Hills Village's basic financial statements. The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements report information on all activities of the City. The statement of net assets includes all of the City's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The *statement of net assets* presents information on all of the City of Cherry Hills Village's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Cherry Hills Village is improving or deteriorating.

The *statement of activities* presents information showing how the City of Cherry Hills Village's net assets changed during fiscal year 2010. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses reported in this statement for some items will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The governmental activities of the City include general government, judicial, data processing, community development, Village Crier, public safety, public works and parks, recreation and open space.

Fund financial statements. The fund financial statements provide more detailed information about the City's most significant funds – not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and bond covenants.
- The City Council establishes other funds to control and manage money for particular purposes (like the Parks and Recreation Fund) or to show that it is properly using certain taxes and grants (like the Conservation Trust Fund and the Arapahoe County Open Space Fund).

Governmental funds – All of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether or not there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information at the bottom of the governmental funds statement is provided that explains the relationship (or differences) between them.

Proprietary Funds – The City of Cherry Hills Village maintains one type of proprietary fund. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses an enterprise fund to account for its Water and Sewer Fund. This fund is considered to be a major fund of the City of Cherry Hills Village.

Financial Analysis of the City As A Whole

Net assets. As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Cherry Hills Village, assets exceeded liabilities by \$24,221,537 at the close of the 2010 fiscal year.

A portion of the City of Cherry Hills Village's net assets (38% total) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment). The City of Cherry Hills Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the City of Cherry Hills Village’s net assets (3%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$13,884,389) may be used to meet the City’s obligations to citizens and creditors.

At the end of the current fiscal year, the City of Cherry Hills Village is able to report positive balances in net assets for the City as a whole, as well as for its governmental activities as a whole. The same situation held true for the prior fiscal year.

Changes in Net Assets

Governmental activities

- Governmental-type activities increased the City’s total net assets by \$2,372,219 from 2009.
- The increase in total net assets is a due to an increase in cash and receivables and a decrease in liabilities resulting from the South Suburban asset payment for 2010.

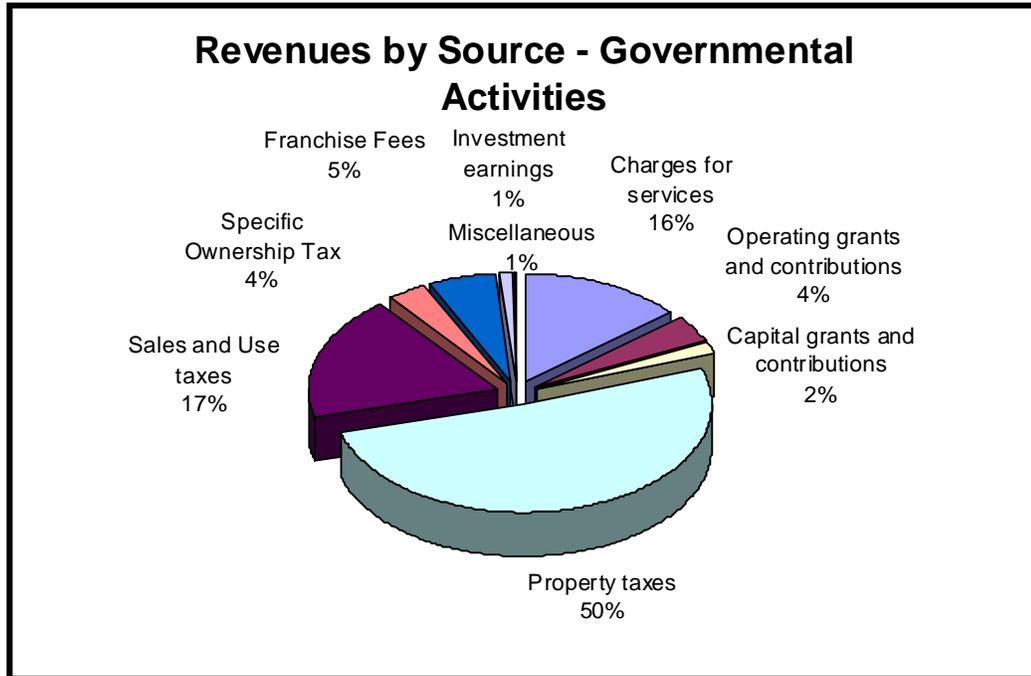

Business Type Activities

- Business-type activities decreased the City’s total net assets by \$112,805 from 2009.
- The decrease is due to the expenditure of funds for repair and maintenance of the sewer lines.

Financial Analysis of the City's Funds

The City of Cherry Hills Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Cherry Hills Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Cherry Hills Village's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2010, the City of Cherry Hills Village's governmental funds reported combined ending fund balances of \$14.8 million, an increase of \$1,761,711 in comparison with the prior year. Approximately 93% of this total amount (\$14 million) constitutes unreserved fund balance, which is available for spending at the City's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) for parks (\$866,224) and 2) for emergencies (\$273,000).

The general fund is the chief operating fund of the City of Cherry Hills Village. At the end of fiscal year 2010, unreserved fund balance of the general fund was \$12.4 million, while total fund balance reached \$12.7 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures.

Unreserved fund balance represents 211% of total general fund expenditures, while total fund balance represents 216% of that same amount.

The Parks and Recreation Fund began receiving revenues in 2006. This fund had a positive balance of \$825,011 at the end of 2010 and will continue to receive revenues as ordered by the exclusion.

On March 22, 2007 the Colorado Court of Appeals sent the litigation between the Village and South Suburban Park and Recreation District back to the trial judge for further proceedings. This litigation involves the Village's decision to withdraw from South Suburban following the 2003 Village election authorizing the exclusion. Following the trial in August 2004, the trial judge approved the exclusion, but ordered the Village to pay South Suburban \$9,660,838, the fair market value of certain parks and facilities in the Village.

Both parties appealed the trial judge's order. Under the Court of Appeals decision, the exclusion stands, but the Court held that Colorado law does not require payment of fair market value as a condition for exclusion under these circumstances. Upon appeal, the trial judge was to reconsider the evidence and make new findings to support any judgment awarding compensation to South Suburban. In May 2008, the trial court issued a second opinion, again ordering the Village to pay South Suburban the sum of \$9,660,838. This second opinion contained virtually no explanation of how the trial court arrived at the precise figure it had previously determined was the fair market value of the parks in the Village and made no specific findings on the other factors that the Court of Appeals directed the trial court to consider.

As a result, in May 2008 the Village filed an appeal with the Colorado Court of Appeals. Also in the spring of 2008, the City filed a motion to stay payment of the \$9,660,838 judgment pending the decision by the Colorado Court of Appeals. The court granted the City's motion, but stipulated that the City must pay the District the 2007 asset payment plus interest from December 1, 2007 to the date of payment, which was August 1st, 2008. The City received an unfavorable ruling by the Colorado Court of Appeals in 2009 and was required to make the principal and interest payments on the assets for 2008 and 2009.

Proprietary Fund

The Water and Sewer Fund accounts for all revenue and expenses associated with the consolidation and operations of water and sewer utilities under the auspices of the City. Sewer administration fees of \$12 per year and sewer repairs and maintenance fees of \$150 per year are charged to residents under the Englewood total service agreement. Expenses exceed revenues in this fund due to some repair and maintenance work by \$112,805 in 2010.

General Fund Budgetary Highlights

The original general fund budget was amended by adding an additional \$50,371 in grant revenue and \$169,220 in supplemental appropriations.

The general fund expenditures were \$659,671 under budget and revenues were \$816,990 over budget. There were funds in the 2010 budget for projects that were not completed and therefore were rebudgeted in 2011. These include the following: \$18,500 for work on the Cat Anderson property, \$15,000 for fence material, \$10,000 for the “Little Dry Creek” study and \$174,677 for the Street Improvement program.

The General Fund balance was increased by \$817,345 in 2010.

Capital Asset and Debt Administration

Capital assets. The City of Cherry Hills Village’s investment in capital assets as of December 31, 2010 amounts to \$15.8 million. This investment in capital assets includes land, construction in process, vehicles, equipment, and sewer lines.

Capital asset events during the 2010 fiscal year included the following:

- Police equipment purchases in the amount of \$25,973
- Public Works grader lease payoff in the amount of \$124,825

Sewer Lines	\$319,097	\$345,847
Total Capital Assets	\$15,833,809	\$16,058,480

Please see Note 5 for more information on Capital Assets.

Long-term debt. At the end of the 2010 fiscal year, the City of Cherry Hills Village had total long-term debt outstanding of \$6,868,408. This total debt represents the South Suburban (\$6,635,885) obligation and accrued compensated absences (\$232,523).

Please See Note 6 for more information on Long-term debt.

Economic Factors, Next Year's Budget and Rates

The City of Cherry Hills Village's sales tax rate remains at 3.5% and the mill levy is 14.722.

In preparing the 2011 budget, the City of Cherry Hills Village had to take several factors into consideration. In 2011 the City Council approved the creation of a new Capital Fund. Approximately \$9 million of the General Fund balance will be transferred to the Capital Fund. In addition, the Specific Ownership tax (\$160,000) from the General Fund revenue, the Specific Ownership tax (\$114,000) and 1 mill (\$355,000) of property tax revenue from the Parks Fund, will be transferred to the Capital Fund. The 2011 budget was adopted on the assumption that General Fund revenues would decrease approximately 12% compared to 2010 (\$160,000 of this is Specific Ownership tax that will be transferred to the newly created Capital Fund).

During the 2010 fiscal year, fund balance in the General Fund increased to \$12.7 million (from \$11.9 million). The General Fund balance is projected to end 2011 at approximately \$3 million after the transfer of approximately \$9 million to the Capital Fund.

The adopted 2011 fiscal year budget is \$8.4 million, a decrease of \$133,894 from 2010.

CITY OF CHERRY HILLS VILLAGE, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Cherry Hills Village, Colorado (the “City”) is a continuation of the Town of Cherry Hills Village after adoption of its Home Rule Charter in 1966. The City is governed by a Mayor and six-member council elected by the residents.

The accounting policies of the City of Cherry Hills Village, Colorado conform to generally accepted accounting principles as applicable to governments. Following is a summary of the more significant policies.

Reporting Entity

In accordance with governmental accounting standards, the City of Cherry Hills Village has considered the possibility of inclusion of additional entities in its basic financial statements.

The definition of the reporting entity is based primarily on financial accountability. The City is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if City officials appoint a voting majority of the organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the City. The City may also be financially accountable for governmental organizations that are fiscally dependent upon it.

Based on the application of these criteria, the City does not include additional organizations in its reporting entity.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment.

CITY OF CHERRY HILLS VILLAGE, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements (Continued)

Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

CITY OF CHERRY HILLS VILLAGE, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary (enterprise) fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's practice to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, the City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Parks and Recreation Fund* accounts for allocated property tax revenues for parks and recreation activities.

The City reports the following major proprietary fund:

The *Water Fund* accounts for the financial activities associated with the provision of water services.

Additionally, the City reports the following fund type:

The *Agency Fund* accounts for resources to support the activities of the Special Improvement District No. 7. The City holds all assets in a purely custodial capacity.

December 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Investments

Cash equivalents include investments with original maturities of three months or less. Investments are recorded at fair value.

Capital Assets

Capital assets, which include property and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property and equipment of the City is depreciated using the straight line method over the following estimated useful lives:

Buildings and Improvements	50 years
Machinery and Equipment	10-25 years
Vehicles	5-10 years
Infrastructure (Sewer Lines)	25-50 years

Compensated Absences

The City's employees participate in a Paid Time Off ("PTO") program, where employees accrue PTO hours ranging from 184 to 264 hours per year depending on the employee's years of service. Employees of the City are allowed to bank a maximum of 160 hours of PTO. Hours in excess of 160 at the end of the calendar year will be paid out at a rate of 50%. Upon termination of employment from the City, an employee will be compensated for accrued time off at the employee's current pay rate.

These compensated absences are recognized when due in the governmental fund types. A liability has been recorded in the government-wide financial statements for the accrued compensated absences.

CITY OF CHERRY HILLS VILLAGE, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-Term Obligations

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Property Taxes

Property taxes are levied on November 1 and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's office collects property taxes and remits to the City on a monthly basis.

Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred revenue are recorded at December 31. As the tax is collected in the succeeding year, the deferred revenue is recognized as revenue and the receivable is reduced.

Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, complete comparative data in accordance with generally accepted accounting principles has not been presented since its inclusion would make the financial statements unduly complex and difficult to read.

Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- In October, the City staff submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 31, the budget is legally enacted through passage of a resolution.
- The City Administration is authorized to transfer budgeted amounts between departments within any fund. However, any revisions that alter the total expenditures of any fund must be approved by the City Council.
- Budgets are legally adopted for all funds of the City. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The Budgetary comparison presented for the Enterprise Fund is presented on a non-GAAP budgetary basis. Capital outlay and debt payments are budgeted as expenditures.
- Budgeted amounts in the financial statements are as originally adopted or as amended by the City Council. All appropriations lapse at year end. Colorado governments may not exceed budgeted appropriations at the fund level.

Total	<u>\$ 15,314,780</u>

Deposits

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. At December 31, 2010, State regulatory commissioners have indicated that all financial institutions holding deposits for the City are eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

The City has no policy regarding custodial credit risk for deposits.

At December 31, 2010, the City had deposits with financial institutions with a carrying amount of \$5,230,243. The bank balances with the financial institutions were \$5,243,871. Of these balances, \$250,000 was covered by federal depository insurance and \$4,993,871 was covered by collateral held by authorized escrow agents in the financial institutions name (PDPA).

Investments

Interest Rate Risk

The City has a formal investment policy that limits interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily with durations of no longer than five years, money market mutual funds, or similar investment pools.

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Credit Risk

Colorado statutes specify in which instruments the units of local government may invest which includes:

- Obligations of the United States and certain U.S. government agency securities
- General obligation and revenue bonds of U.S. local government entities
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

The above investments are authorized for all funds and fund types used by Colorado municipalities.

The City had invested \$10,084,187 in the Colorado Government Liquid Asset Trust and the Colorado Surplus Asset Fund Trust (COLOTRUST and CSAFE); investment vehicles established for local government entities in Colorado to pool surplus funds and are registered with the State Securities Commissioner. They operate similarly to a money market fund and each share is equal in value to \$1.00. Investments consist of U.S. Treasury and U.S. Agency securities and repurchase agreements collateralized by U.S. Treasury and U.S. Agency securities. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the entities. Colostrust is rated AAA and CSAFE is rated AAAM by Standard and Poor's.

NOTE 4: INTERFUND BALANCES

The General Fund advanced \$1,542,491 to the Parks and Recreation Fund. The advance originally covered a negative cash balance in the Parks and Recreation Fund related to the South Suburban Parks and Recreation District Obligation described in Note 6. As of December 31, 2010 the City has not made a final decision regarding the repayment of the advance.

Accrued Compensated Absences are being paid from resources generated by the General Fund.

South Suburban Obligation

The City initiated exclusion from the South Suburban Parks and Recreation District (the "District"). The resulting litigation produced an order from the District Court dated November 2004. The order requires the City to pay the District \$9,660,838 for the conveyance and transfer of facilities, including water rights, parks, trails, and other considerations.

The City's appeals process ended in November 2009 with a final decision by the Colorado Supreme Court, denying the appeal. The City is required to make annual principal and interest payments, beginning in December 2006 through 2019. Interest on the obligation accrues at the two-year Treasury bill rate.

Capital Lease

In February 2009 the City entered into a capital lease agreement to purchase equipment which was paid from revenues of the General Fund. Under the terms of the lease, the City is required to make annual lease payments in the amount of \$62,412. The lease carries an interest rate of 3.5%. The lease was paid in full during 2010.

NOTE 7: RETIREMENT COMMITMENTS

Police Pension Plan

Plan Description - The City contributes to a single employer money purchase pension plan (Plan) on behalf of police officers. All full time, paid police employees of the City are members of the Plan.

Funding Policy - The contribution requirements of plan members and the City are established and may be amended by the City Council. Both the City and the employee contribute 8.0% of the employee's covered salary. Employees vest in 20% of the City contributions after three years of employment and an additional 20% each year thereafter. Employees fully vest after seven years of participation in the Plan. During the year ending December 31, 2010 the City contributed \$135,865 to the Plan, equal to the required contributions. All Plan assets are managed by the International City/County Management Association Retirement Corporation.

NOTE 7: RETIREMENT COMMITMENTS (Continued)

Non-Sworn Managers Pension Plan

The City contributes to a single-employer defined contribution money purchase pension plan (the “Plan”) on behalf of non-sworn managers. All non-sworn managers are required to participate in the Plan. The contribution requirements are established and may be amended by the City Council. The city is required to contribute 5% the employee’s covered salary and employees contribute 11% of covered salary. Employees fully vest in the Plan immediately.

During the year ended December 31, 2010, the City contributed \$20,706 to the Plan, equal to the required contributions. All Plan assets are managed by the International City/County Management Association Retirement Corporation.

Deferred 457 Compensation Plan

The City has a deferred compensation plan (the “Plan”) created in accordance with Internal Revenue Code Section 457. Participation in the Plan is optional for employees. The City matches the contribution of participating employees up to 3% of sworn police officer salaries and up to 5% of other non-management employee salaries. Total contributions to the Plan during the year ended December 31, 2010, were \$70,345. The Plan is administered by the International City/County Management Association Retirement Corporation.

NOTE 8: CONSOLIDATION OF WATER AND SANITATION DISTRICTS

The City has taken action to dissolve certain water and sanitation districts and other entities which have provided services to areas within the City limits. The City will provide water and sanitation services to these and future areas through service contracts with the Board of Water Commissioners to the City and County of Denver (Denver) and the City of Englewood (Englewood).

Denver

The City has entered into a “total service” contract with Denver to provide water service within the City’s service area, even though only part of the City is being served at this time. Although the City retains legal title to the water distribution facilities, Denver is responsible for all operations and maintenance, including all replacements of the facilities. Denver bills users within the City directly.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 8: CONSOLIDATION OF WATER AND SANITATION DISTRICTS (Continued)

Englewood

The City has a service and maintenance contract with Englewood to provide sanitation services to certain areas within the City. Under the terms of the contract, Englewood treats City sewage and provides routine maintenance services. Englewood bills City residents for these routine services and retains all billing collections. Non-routine major repairs are billed directly to the City. The City retains title to all sewer lines and is responsible for major maintenance and future costs of those lines.

The City has entered into a “total service” contract with Englewood to provide water within two small areas of the City. Englewood is responsible for all operations and maintenance, including all replacements of the distribution facilities within the service areas and bills users directly.

Special Improvement District No. 7

In 2000, the Special Improvement District No. 7 (the “District”) issued \$595,000 Special Assessment Bonds, Taxable Series 2000A and \$930,000 Special Assessment Bonds, Tax Exempt Series 2000B. These bonds were issued to finance improvements within the District. The bonds accrue interest at rates ranging from 5.8% to 8.75% per year. Interest payments are due semi-annually on June 15 and December 15. Principal payments on the Series 2000A bonds are due annually on December 15, through 2011. Principal payments on the Series 2000B bonds are due annually on December 15, through 2020.

The City is not obligated for this debt and is only acting as an agent for the property owners in collecting assessments and paying the required debt service. The activities of the District are recorded in the City’s Agency Fund and the outstanding debt is not recorded on the City’s financial statements. Outstanding bonds at December 31, 2010 totaled \$880,000.

Denver Christian Schools

In October 2003, the City issued Denver Christian Schools Project Revenue Bonds to provide financial assistance to a private sector entity to acquire equipment and to construct and renovate certain buildings and educational facilities deemed to be in the public interest.

Neither the City, State, nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as a liability in the City’s financial statements. Outstanding bonds at December 31, 2010 totaled \$1,934,678.

NOTE 9: COMMITMENTS AND CONTINGENCIES (Continued)

Tabor Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. On November 5, 1996, voters within the City approved the collection, retention and expenditure of the full revenues generated by the City in 1996 and subsequent years for street improvement projects, capital projects, basic municipal services and/or lawful municipal purposes, notwithstanding the provisions of the Amendment.

The City has established an emergency reserve, representing 3% of qualifying expenditures, as required by the Amendment. At December 31, 2010, the emergency reserve of \$273,000 was recorded in the General Fund.
