To Whom It May Concern:

Unlike most municipalities in Colorado, the City of Cherry Hills Village sales tax ordinance (Sec. 4-4-110) states that **only** businesses residing, or sales that occur within the city limits, are to collect the City sales tax. Therefore, sales tax collected by the state and county (currently **4.25%**) are the only sales taxes to be charged on any deliveries of tangible personal property made **into** the city limits.

Your business does not have a location inside the city limits of Cherry Hills Village. Therefore any tangible, personal property delivered inside the Cherry Hills Village city limits is not subject to Cherry Hills Village city sales tax.

In summary, the City of Cherry Hills Village 3.5% sales tax (or the City of Englewood or the City of Littleton tax) should **NOT** be charged to a resident in Cherry Hills Village.

If you have any questions, I can be reached at 303-783-2723.

Sincerely,

Karen L. Proctor
Director of Finance and Administration
