Medical Benefits

For the 2017 plan year, we have made a few changes to the plans, and encourage you to read through the plan choices carefully. We continue to offer you three medical plans through Kaiser from which to choose. All three plans are HMO plans with Kaiser, which requires you to visit only doctors and hospitals within the Kaiser network for all non-emergency care.

Plan Option 1—Platinum & Plan Option 2—Gold

Both of these plans have a \$0 deductible, and copays for services like doctor visits, and procedures. You will pay copays for every service until you meet the out-of-pocket maximum.

Plan Option 3—HMO HDHP with HSA

This plan option has a \$1,500 deductible for singles and \$3,000 for families. Once you reach your deductible, the plan will pay for 90% of services for the remainder of the plan year until you reach the Out-of-Pocket Maximums. It is important to note, that the Family Deductible will apply if any dependents are enrolled on coverage. The individual deductible and out-of-pocket maximum applies to those enrolled as "Employee Only".

If you enroll in the HSA plan The City contributes to an HSA account on your behalf. See rate sheet for more info. In order to receive these contributions, you will need to set up an HSA Account if you haven't already. You may also contribute your own money in addition to the City's contributions.

The 2017 HSA maximum contribution limits are \$3,400 individual and \$6,750 family
